Hello Wedding Photographers Season is above to drop and it's gonna be crazy and tiring as you guys will be shooting weddings back to back there will be deadlines clients are gonna sit on your head for pictures all the time because #instapostis-important for Bride and Groom. So with so many weddings lined up, there's gonna be lots of backlog of images. Enter us we have just come here to ease up your hectic season by taking care of the Post Production Process. We will provide you with one-stop Lightroom editing solution we will cover all the tools

that too with a very exciting package but before that would like to give you a little idea about our team we have editors with 8 to 10 years of experience. As clients always want to have their styles and have specific presets to work with, e.g., "Dramatic, Romantics, Vintage, Warm, Cool and Neutral, and pastels." Then they easily adapt that kind of style and work according to the client's requirements. We are creative, fast, and very deadline oriented. We look forward to helping you with your graphic needs!

FAQ

1) What's the turnaround time?
Ans . 4 Days (96 hours) from the time we receive the catalog client will receive the status message of each day.
Breakdown of 4 Days
1) Day 1 (REVIEWING)
a)Profile missing
b)Preset Missing
c)Smart Preview Files Missing
d)Files not Loading
e)Image / File / Catalog Received Corrupt
f)Less No. of Files Received
g)More No. of Files Received
h)Instruction received is not Clear
I) others
If there's any issue raised by an editor and if client resolves it in the same day then catalog will be delivered within 96 hours if client resolves the issues the next day after raising the issue then automatically 24 hours will be increased for ETA
Day 2 (Post Processing)
After everything is clear editor will start with the catalog editing.
Day 3 (Quality Check)
A full Quality check done by Ashish
Day 4 (Order Delivered)

2) What if the client sends the whole 12000/24000/50000 images catalog in a day? Ans. There will be the same procedure but the total turnaround time will be of 7 to 14 days. An editor will start editing the project by 2nd day when the catalog is cleared and will take 4 days for post-processing after post-process it will go under the QC process for the next 3 days after the QC is done client will receive the catalog on the 7th or 14th day.

3) Redos
i) If any changes required, It will be taken care of within 24 to 48 hours according to the client's requirements.

ii) Client can ask for a Double redo if the redo is still not satisfying then we will be deducting 50% of the cost of the whole catalog and will make changes and send it in within 24 to 48 hours. Still, after the double redo client is not happy then will cancel the order and ask the client to do it in-house and will refund the whole amount of that particular catalog to the client.

iii) Once the order is Delivered it will be valid for next 10 day for any correction or Redo

4) Daily Capacity and Pricing

1. Our Capacity is between 10000 to 15000 images within 24hours
Along with Quality Check Done

2. Current packages
i) Packages are from 12000 images to 50000 images validity for next 3 to 12 months
ii) Min Package starts with $1680 for 12000 images with 3 months validity
iii) $0.14 price for per image comes around in package
iv) Our Standard charges is $0.20 per image without package

F&Q for packages
i) Suppose clients have consume 12000/50000 images as per the package within a day/month/before the validity expired
we ask the Client to top-up with min Min $500 before next order/catalog is assigned
ii) Here after price per image will be $0.14 for 12k package, $0.12 for 24k package & $0.10 for 50k package till the validity of package

5) We have Express delivery services (Optional)

72 Hours : 25% Extra Charge
48 Hours : 50% Extra Charge
24 Hours : 100% Extra Charge

(For example catalog size is 100 images so for.)
i) 72 hours 100 + 25% = 125 images
(charged/consumed)
i) 48 hours 100 + 50% = 150 images
(charged/consumed)
ii) 24 hours 100 + 100% = 200 images
(charged/consumed)

6) Sample edits up to 20 to 50 images are free
before assigning the actual order (optional)

7. Assigning order

i) We provide a Google Form link with Basic Questionary regarding edits
ii) Form also includes to share the data/Catalog which directly uploads to our Google drive Servers
iii) Client need to Share the Reference/Sample images link or upload the images for the Catalog in the form
iii) Client can also share us the links of Uploaded data on any servers like, Dropbox, WeTransfer, Sendgb, Smash, etc any file transfers or Cloud service which can help us to get Clients Data/Catalog to process
iii) We accept only Lightroom catalogs. We request clients to not send in jpegs or raw images. In case client doesn't know how to make a Lightroom catalog then client can let us know we will provide them with guidelines for creating Lightroom catalogs.

If you have any doubt or question please feel free to call us

4. Delayed
